

Dear families,

We have asked you in the past to make contact with Congress regarding protecting Catholic schools during this difficult time. We are asking you once again to contact your congressional representative to advocate for Catholic schools. The Heroes Act will include money for public schools. The Teachers Unions have a request for additional funding of between 50-75 billion dollars. We are advocating for 10% for private schools in scholarship aid. This 10% represents the amount of students in private schools.

All we are asking you to do is follow the link below which will connect you to a quick intake form to contact your congressional representative:

Thank you for your continued support of our schools. Please know that we are continuing to do everything we can to support your family.

God bless.
